

Industrial Automation and Power Solutions

Since 1926, **EECO** services the manufacturing plants, machine builders, and construction teams that make our communities strong. With 8 locations across Virginia, we are redefining the expectations of a distributor by placing people and ideas before products.

Our commitment is to develop innovative processes, practices, and services that improve our customers' operations while providing the highest-quality products when and where you need it.

EECO is a full line electrical distributor that specializes in Industrial Automation and Power Solutions to reduce costs, increase reliability, and improve performance.

Solutions and Services

Delivering certified services for end-of-life upgrades, optimizations, and future projects.

- Physical and logical network assessments
- Lockout tagout studies
- Stand-alone drives start-ups
- Arc flash studies

- Safety assessments
- Repairs and Remanufacturing
- Inventory Assurance
- Parts Management Agreement (PMA)

- Installed Base Evaluation (IBE)
- Rockwell Automation Asset Management Program (RAAMP)
- Lighting Design and Energy Audit Services
